Wetlands conservation and Ramsar wetlands

Program

BCS Species and Communities

Departmental Service

Service 6: Conserving Habitats, Species and Communities

Background

The wetlands conservation project coordinates of the Department's contribution to partnering with the Commonwealth Government to implement the Ramsar Convention in Western Australia and, where applicable, coordinate nomination of new Ramsar sites. The wetlands conservation program provides strategic and technical advice to managing wetlands on reserve, including contributing to regional conservation planning.

Aims

Engage with Commonwealth wetlands working group and contribute to national approaches to identifying vulnerability of Ramsar wetlands.

Expected outcome

Information is available to better inform the management of Ramsar wetlands under climate change.

[variant=australian]Prepare management plans and monitoring programs for Ramsar wetlands.

Strategic context

Expected collaborations

Proposed period of the project

June 1, 2023 – June 30, 2025
